Hello

This is a follow-up to my letter of [REDACTED] [REDACTED] (copy attached)  
and a follow-up letter of [REDACTED] 26th.

I am writing to request a copy of your state seal and information about  
the symbolism on the seal to be used for educational purposes.

I sent the letter to all state governors and to date I have received the  
state seals of 36 states.

Some of the seals are gold foil embossed; some are black and white  
copies. Wyoming sent a medallion with the seal, some seals included  
information about the symbols on the seal, and [REDACTED] included a  
signed photo of Governor Jindal.

Enclosed is a copy of some of the seals I have received.

A copy of your state seal and information about the seal will be greatly  
appreciated.

Thank you for consideration of this request.

Hello

I am writing to request a copy of your state seal and information about the symbolism on the seal to be used for educational purposes.

Most people know of THE GREAT SEAL OF THE ██████████ on the back of the dollar ██████████ but do not know about the individual state's seals.

I have a set of the 50 state flags and some of them have the state seal on the flag.

I also have a large collection of national flags which I use to educate people about flags and the nations they represent. I have given flag presentations at schools and various civic organizations.

I would like to have a copy of your state seal as part of my presentations.

I can go on the internet and get information about flags and I have various books with pictures of flags, but children lose interest rapidly just looking at pictures of flags. When they have a real flag to touch and feel their interest soars. They ██████████ questions about the various designs, shapes, colors and emblems. From some of my flag books, I can usually answer what the symbols and colors of the flags mean. The children learn something about the history of the place or organization represented by the flag. The flags and the state seals together will make an interesting story.

The enclosed photo ██████████ taken at a local school during one of my presentations about flags of other nations.

A copy of the state seal and information about the seal will be greatly appreciated.

Thank you for consideration of this request
