"AN ACT REQUIRING A STUDY OF STATE SOCIAL SERVICES INSTITUTIONS AND DEPARTMENTS WITH RESPECT TO THE EXPENDITURES OF SUCH INSTITUTIONS AND DEPARTMENTS AND THE PROGRAMS ADMINISTERED OR SERVICES PROVIDED BY SUCH INSTITUTIONS AND DEPARTMENTS."

1 Strike everything after the enacting clause and substitute the
2 following in lieu thereof:

3 "Section 1. Subsection (a) of section 17b-340 of the 2006 supplement
4 to the general statutes is repealed and the following is substituted in
5 lieu thereof (*Effective July 1, 2006*):

6 (a) The rates to be paid by or for persons aided or cared for by the
7 state or any town in this state to licensed chronic and convalescent
8 nursing homes, to chronic disease hospitals associated with chronic
9 and convalescent nursing homes, to rest homes with nursing
10 supervision, to licensed residential care homes, as defined by section
11 19a-490, as amended, and to residential facilities for the mentally

12 retarded which are licensed pursuant to section 17a-227 and certified
13 to participate in the Title XIX Medicaid program as intermediate care
14 facilities for the mentally retarded, for room, board and services
15 specified in licensing regulations issued by the licensing agency shall
16 be determined annually, except as otherwise provided in this
17 subsection, after a public hearing, by the Commissioner of Social
18 Services, to be effective July first of each year except as otherwise
19 provided in this subsection. Such rates shall be determined on a basis
20 of a reasonable payment for such necessary services, which basis shall
21 take into account as a factor the costs of such services. Cost of such
22 services shall include reasonable costs mandated by collective
23 bargaining agreements with certified collective bargaining agents or
24 other agreements between the employer and employees, provided
25 "employees" shall not include persons employed as managers or chief
26 administrators or required to be licensed as nursing home
27 administrators, and compensation for services rendered by proprietors
28 at prevailing wage rates, as determined by application of principles of
29 accounting as prescribed by said commissioner. Cost of such services
30 shall not include amounts paid by the facilities to employees as salary,
31 or to attorneys or consultants as fees, where the responsibility of the
32 employees, attorneys, or consultants is to persuade or seek to persuade
33 the other employees of the facility to support or oppose unionization.
34 Nothing in this subsection shall prohibit inclusion of amounts paid for
35 legal counsel related to the negotiation of collective bargaining
36 agreements, the settlement of grievances or normal administration of
37 labor relations. The commissioner may, in his discretion, allow the
38 inclusion of extraordinary and unanticipated costs of providing
39 services which were incurred to avoid an immediate negative impact
40 on the health and safety of patients. The commissioner may, in his
41 discretion, based upon review of a facility's costs, direct care staff to
42 patient ratio and any other related information, revise a facility's rate
43 for any increases or decreases to total licensed capacity of more than
44 ten beds or changes to its number of licensed rest home with nursing
45 supervision beds and chronic and convalescent nursing home beds.
46 The commissioner may so revise a facility's rate established for the

47 fiscal year ending June 30, 1993, and thereafter for any bed increases,
48 decreases or changes in licensure effective after October 1, 1989.
49 Effective July 1, 1991, in facilities which have both a chronic and
50 convalescent nursing home and a rest home with nursing supervision,
51 the rate for the rest home with nursing supervision shall not exceed
52 such facility's rate for its chronic and convalescent nursing home. All
53 such facilities for which rates are determined under this subsection
54 shall report on a fiscal year basis ending on the thirtieth day of
55 September. Such report shall be submitted to the commissioner by the
56 thirty-first day of December. The commissioner may reduce the rate in
57 effect for a facility which fails to report on or before such date by an
58 amount not to exceed ten per cent of such rate. The commissioner shall
59 annually, on or before the fifteenth day of February, report the data
60 contained in the reports of such facilities to the joint standing
61 committee of the General Assembly having cognizance of matters
62 relating to appropriations. For the cost reporting year commencing
63 October 1, 1985, and for subsequent cost reporting years, facilities shall
64 report the cost of using the services of any nursing pool employee by
65 separating said cost into two categories, the portion of the cost equal to
66 the salary of the employee for whom the nursing pool employee is
67 substituting shall be considered a nursing cost and any cost in excess
68 of such salary shall be further divided so that seventy-five per cent of
69 the excess cost shall be considered an administrative or general cost
70 and twenty-five per cent of the excess cost shall be considered a
71 nursing cost, provided if the total nursing pool costs of a facility for
72 any cost year are equal to or exceed fifteen per cent of the total nursing
73 expenditures of the facility for such cost year, no portion of nursing
74 pool costs in excess of fifteen per cent shall be classified as
75 administrative or general costs. The commissioner, in determining
76 such rates, shall also take into account the classification of patients or
77 boarders according to special care requirements or classification of the
78 facility according to such factors as facilities and services and such
79 other factors as he deems reasonable, including anticipated
80 fluctuations in the cost of providing such services. The commissioner
81 may establish a separate rate for a facility or a portion of a facility for

82 traumatic brain injury patients who require extensive care but not
83 acute general hospital care. Such separate rate shall reflect the special
84 care requirements of such patients. If changes in federal or state laws,
85 regulations or standards adopted subsequent to June 30, 1985, result in
86 increased costs or expenditures in an amount exceeding one-half of
87 one per cent of allowable costs for the most recent cost reporting year,
88 the commissioner shall adjust rates and provide payment for any such
89 increased reasonable costs or expenditures within a reasonable period
90 of time retroactive to the date of enforcement. Nothing in this section
91 shall be construed to require the Department of Social Services to
92 adjust rates and provide payment for any increases in costs resulting
93 from an inspection of a facility by the Department of Public Health.
94 Such assistance as the commissioner requires from other state agencies
95 or departments in determining rates shall be made available to him at
96 his request. Payment of the rates established hereunder shall be
97 conditioned on the establishment by such facilities of admissions
98 procedures which conform with this section, section 19a-533 and all
99 other applicable provisions of the law and the provision of equality of
100 treatment to all persons in such facilities. The established rates shall be
101 the maximum amount chargeable by such facilities for care of such
102 beneficiaries, and the acceptance by or on behalf of any such facility of
103 any additional compensation for care of any such beneficiary from any
104 other person or source shall constitute the offense of aiding a
105 beneficiary to obtain aid to which he is not entitled and shall be
106 punishable in the same manner as is provided in subsection (b) of
107 section 17b-97. For the fiscal year ending June 30, 1992, rates for
108 licensed residential care homes and intermediate care facilities for the
109 mentally retarded may receive an increase not to exceed the most
110 recent annual increase in the Regional Data Resources Incorporated
111 McGraw-Hill Health Care Costs: Consumer Price Index (all urban)-All
112 Items. Rates for newly certified intermediate care facilities for the
113 mentally retarded shall not exceed one hundred fifty per cent of the
114 median rate of rates in effect on January 31, 1991, for intermediate care
115 facilities for the mentally retarded certified prior to February 1, 1991.
116 Notwithstanding any provision of this section, the Commissioner of

117 Social Services may, within available appropriations, provide an
118 interim rate increase for a licensed chronic and convalescent nursing
119 home or a rest home with nursing supervision for rate periods no
120 earlier than April 1, 2004, only if the commissioner determines that the
121 increase is necessary to avoid the filing of a petition for relief under
122 Title 11 of the United States Code; imposition of receivership pursuant
123 to sections 19a-541 to 19a-549, inclusive; or substantial deterioration of
124 the facility's financial condition that may be expected to adversely
125 affect resident care and the continued operation of the facility, and the
126 commissioner determines that the continued operation of the facility is
127 in the best interest of the state. The commissioner shall consider any
128 requests for interim rate increases on file with the department from
129 March 30, 2004, and those submitted subsequently for rate periods no
130 earlier than April 1, 2004. When reviewing a rate increase request the
131 commissioner shall, at a minimum, consider: (1) Existing chronic and
132 convalescent nursing home or rest home with nursing supervision
133 utilization in the area and projected bed need; (2) physical plant long-
134 term viability and the ability of the owner or purchaser to implement
135 any necessary property improvements; (3) licensure and certification
136 compliance history; [and] (4) reasonableness of actual and projected
137 expenses; [, but shall not consider the immediate profitability of the
138 operation of the facility] and (5) the ability of the facility to meet wage
139 and benefit costs. No rate shall be increased pursuant to this
140 subsection in excess of one hundred fifteen per cent of the median rate
141 for the facility's peer grouping, established pursuant to subdivision (2)
142 of subsection (f) of this section, unless recommended by the
143 commissioner and approved by the Secretary of the Office of Policy
144 and Management after consultation with the commissioner. Such
145 median rates shall be published by the Department of Social Services
146 not later than April first of each year. In the event that a facility
147 granted an interim rate increase pursuant to this section is sold or
148 otherwise conveyed for value to an unrelated entity less than five years
149 after the effective date of such rate increase, the rate increase shall be
150 deemed rescinded and the department shall recover an amount equal
151 to the difference between payments made for all affected rate periods

152 and payments that would have been made if the interim rate increase
153 was not granted. The commissioner may seek recovery from payments
154 made to any facility with common ownership. With the approval of
155 the Secretary of the Office of Policy and Management, the
156 commissioner may waive recovery and rescission of the interim rate
157 for good cause shown that is not inconsistent with this section,
158 including, but not limited to, transfers to family members that were
159 made for no value. The commissioner shall provide written quarterly
160 reports to the joint standing committees of the General Assembly
161 having cognizance of matters relating to human services and
162 appropriations and the budgets of state agencies and to the select
163 committee of the General Assembly having cognizance of matters
164 relating to aging, that identify each facility requesting an interim rate
165 increase, the amount of the requested rate increase for each facility, the
166 action taken by the commissioner and the secretary pursuant to this
167 subsection, and estimates of the additional cost to the state for each
168 approved interim rate increase. [Notwithstanding any provision of the
169 general statutes, on and after July 1, 2005, the commissioner shall not
170 provide an interim rate increase for a licensed chronic and
171 convalescent nursing home or a rest home with nursing supervision.]
172 Nothing in this subsection shall prohibit the commissioner from
173 increasing the rate of a licensed chronic and convalescent nursing
174 home or a rest home with nursing supervision for allowable costs
175 associated with facility capital improvements or increasing the rate in
176 case of a sale of a licensed chronic and convalescent nursing home or a
177 rest home with nursing supervision, pursuant to subdivision (16) of
178 subsection (f) of this section, if receivership has been imposed on such
179 home.

180 Sec. 2. Subdivision (4) of subsection (f) of section 17b-340 of the 2006
181 supplement to the general statutes is repealed and the following is
182 substituted in lieu thereof (*Effective July 1, 2006*):

183 (4) For the fiscal year ending June 30, 1992, (A) no facility shall
184 receive a rate that is less than the rate it received for the rate year
185 ending June 30, 1991; (B) no facility whose rate, if determined pursuant

186 to this subsection, would exceed one hundred twenty per cent of the
187 state-wide median rate; as determined pursuant to this subsection,
188 shall receive a rate which is five and one-half per cent more than the
189 rate it received for the rate year ending June 30, 1991; and (C) no
190 facility whose rate, if determined pursuant to this subsection, would be
191 less than one hundred twenty per cent of the state-wide median rate,
192 as determined pursuant to this subsection, shall receive a rate which is
193 six and one-half per cent more than the rate it received for the rate year
194 ending June 30, 1991. For the fiscal year ending June 30, 1993, no
195 facility shall receive a rate that is less than the rate it received for the

201 For the fiscal year ending June 30, 1995, no facility shall receive a rate

208 rate increase that is not more than two per cent more than the rate that
209 the facility received in the prior year. For the fiscal year ending June
210 30, 1999, a facility shall receive a rate increase that is not more than
211 three per cent more than the rate that the facility received in the prior
212 year and that is not less than one per cent more than the rate that the
213 facility received in the prior year, exclusive of rate increases associated
214 with a wage, benefit and staffing enhancement rate adjustment added
215 for the period from April 1, 1999, to June 30, 1999, inclusive. For the
216 fiscal year ending June 30, 2000, each facility, except a facility with an
217 interim rate or replaced interim rate for the fiscal year ending June 30,
218 1999, and a facility having a certificate of need or other agreement
219 specifying rate adjustments for the fiscal year ending June 30, 2000,
220 shall receive a rate increase equal to one per cent applied to the rate the

221 facility received for the fiscal year ending June 30, 1999, exclusive of

223 For the fiscal year ending June 30, 2000, no facility with an interim rate,
224 replaced interim rate or scheduled rate adjustment specified in a

230 ending June 30, 2000, and a facility having a certificate of need or other
231 agreement specifying rate adjustments for the fiscal year ending June
232 30, 2001, shall receive a rate increase equal to two per cent applied to
233 the rate the facility received for the fiscal year ending June 30, 2000,
234 subject to verification of wage enhancement adjustments pursuant to

237 scheduled rate adjustment specified in a certificate of need or other
238 agreement for the fiscal year ending June 30, 2001, shall receive a rate
239 increase that is more than two per cent more than the rate the facility
240 received for the fiscal year ending June 30, 2000. For the fiscal year
241 ending June 30, 2002, each facility shall receive a rate that is two and
242 one-half per cent more than the rate the facility received in the prior
243 fiscal year. For the fiscal year ending June 30, 2003, each facility shall
244 receive a rate that is two per cent more than the rate the facility
245 received in the prior fiscal year, except that such increase shall be
246 effective January 1, 2003, and such facility rate in effect for the fiscal
247 year ending June 30, 2002, shall be paid for services provided until
248 December 31, 2002, except any facility that would have been issued a
249 lower rate effective July 1, 2002, than for the fiscal year ending June 30,
250 2002, due to interim rate status or agreement with the department shall
251 be issued such lower rate effective July 1, 2002, and have such rate
252 increased two per cent effective June 1, 2003. For the fiscal year ending
253 June 30, 2004, rates in effect for the period ending June 30, 2003, shall
254 remain in effect, except any facility that would have been issued a
255 lower rate effective July 1, 2003, than for the fiscal year ending June 30,

256 2003, due to interim rate status or agreement with the department shall
257 be issued such lower rate effective July 1, 2003. For the fiscal year
258 ending June 30, 2005, rates in effect for the period ending June 30, 2004,
259 shall remain in effect until December 31, 2004, except any facility that
260 would have been issued a lower rate effective July 1, 2004, than for the
261 fiscal year ending June 30, 2004, due to interim rate status or
262 agreement with the department shall be issued such lower rate
263 effective July 1, 2004. Effective January 1, 2005, each facility shall
264 receive a rate that is one per cent greater than the rate in effect
265 December 31, 2004. Effective upon receipt of all the necessary federal
266 approvals to secure federal financial participation matching funds
267 associated with the rate increase provided in this subdivision, but in
268 no event earlier than July 1, 2005, and provided the user fee imposed
269 under section 17b-320 of the 2006 supplement to the general statutes is
270 required to be collected, for the fiscal year ending June 30, 2006, the
271 department shall compute the rate for each facility based upon its 2003
272 cost report filing or, a subsequent cost year filing for facilities having
273 an interim rate for the period ending June 30, 2005, as provided under
274 section 17-311-55 of the regulations of Connecticut state agencies. For
275 each facility not having an interim rate for the period ending June 30,
276 2005, the rate for the period ending June 30, 2006, shall be determined
277 beginning with the higher of the computed rate based upon its 2003
278 cost report filing or the rate in effect for the period ending June 30,
279 2005. Such rate shall then be increased by [\$11.80] eleven dollars and
280 eighty cents per day except that in no event shall the rate for the period
281 ending June 30, 2006, be [\$32.00] thirty-two dollars more than the rate
282 in effect for the period ending June 30, 2005, and for any facility with a
283 rate below [\$195.00] one hundred ninety-five dollars per day for the
284 period ending June 30, 2005, such rate for the period ending June 30,
285 2006, shall not be greater than [\$217.43] two hundred seventeen dollars
286 and forty-three cents per day and for any facility with a rate equal to or
287 greater than [\$195.00] one hundred ninety-five dollars per day for the
288 period ending June 30, 2005, such rate for the period ending June 30,
289 2006, shall not exceed the rate in effect for the period ending June 30,
290 2005, increased by eleven and one-half per cent. For each facility with

291 an interim rate for the period ending June 30, 2005, the interim
292 replacement rate for the period ending June 30, 2006, shall not exceed
293 the rate in effect for the period ending June 30, 2005, increased by
294 [\$11.80] eleven dollars and eighty cents per day plus the per day cost
295 of the user fee payments made pursuant to section 17b-320 of the 2006
296 supplement to the general statutes divided by annual resident service
297 days, except for any facility with an interim rate below [\$195.00] one
298 hundred ninety-five dollars per day for the period ending June 30,
299 2005, the interim replacement rate for the period ending June 30, 2006,
300 shall not be greater than [\$217.43] two hundred seventeen dollars and
301 forty-three cents per day and for any facility with an interim rate equal
302 to or greater than [\$195.00] one hundred ninety-five dollars per day for
303 the period ending June 30, 2005, the interim replacement rate for the
304 period ending June 30, 2006, shall not exceed the rate in effect for the
305 period ending June 30, 2005, increased by eleven and one-half per cent.
306 Such July 1, 2005, rate adjustments shall remain in effect unless (i) the
307 federal financial participation matching funds associated with the rate
308 increase are no longer available; or (ii) the user fee created pursuant to
309 section 17b-320 of the 2006 supplement to the general statutes is not in
310 effect. For fiscal year ending June 30, 2007, [all facility rates] each
311 facility shall receive a rate that is three per cent greater than the rate in
312 effect for the period ending June 30, 2006, [shall remain in effect,]
313 except for any facility that would have been issued a lower rate
314 effective July 1, 2006, than for the rate period ending June 30, 2006, due
315 to interim rate status or agreement with the department, shall be
316 issued such lower rate effective July 1, 2006. The Commissioner of
317 Social Services shall add fair rent increases to any other rate increases
318 established pursuant to this subdivision for a facility which has
319 undergone a material change in circumstances related to fair rent.
320 Interim rates may take into account reasonable costs incurred by a
321 facility, including wages and benefits.

322 Sec. 3. Subdivision (16) of subsection (f) of section 17b-340 of the
323 2006 supplement to the general statutes is repealed and the following
324 is substituted in lieu thereof (*Effective July 1, 2006*):

325 (16) The interim rate established to become effective upon sale of
326 any licensed chronic and convalescent home or rest home with nursing
327 supervision for which a receivership has been imposed pursuant to
328 sections 19a-541 to 19a-549, inclusive, shall not exceed the rate in effect
329 for the facility at the time of the imposition of the receivership, subject
330 to any annual increases permitted by this section; provided if such rate
331 is less than the median rate for the facility's peer grouping, as defined
332 in subdivision (2) of this subsection, the Commissioner of Social
333 Services may, in the commissioner's discretion, establish an increased
334 rate for the facility not to exceed such median rate unless the Secretary
335 of the Office of Policy and Management, after review of area nursing
336 facility bed availability and other pertinent factors, authorizes the
337 Commissioner of Social Services to establish a rate higher than the
338 median rate. In the event the rate in effect for the facility at the time of
339 imposition of the receivership is greater than the median rate for the
340 facility's peer grouping, as defined in subdivision (2) of this subsection,
341 the Secretary of the Office of Policy and Management, after review of
342 area nursing facility bed availability and other pertinent factors, may
343 authorize the Commissioner of Social Services to establish an increased
344 interim rate.

345 Sec. 4. Subsection (g) of section 17b-340 of the 2006 supplement to
346 the general statutes is repealed and the following is substituted in lieu
347 thereof (*Effective July 1, 2006*):

348 (g) For the fiscal year ending June 30, 1993, any intermediate care
349 facility for the mentally retarded with an operating cost component of
350 its rate in excess of one hundred forty per cent of the median of
351 operating cost components of rates in effect January 1, 1992, shall not
352 receive an operating cost component increase. For the fiscal year
353 ending June 30, 1993, any intermediate care facility for the mentally
354 retarded with an operating cost component of its rate that is less than
355 one hundred forty per cent of the median of operating cost
356 components of rates in effect January 1, 1992, shall have an allowance
357 for real wage growth equal to thirty per cent of the increase
358 determined in accordance with subsection (q) of section 17-311-52 of

359 the regulations of Connecticut state agencies, provided such operating
360 cost component shall not exceed one hundred forty per cent of the
361 median of operating cost components in effect January 1, 1992. Any

381 state agencies, shall not be applied. For the fiscal year ending June 30,
382 1996, and any succeeding fiscal year, no rate shall exceed three
383 hundred seventy-five dollars per day unless the commissioner, in
384 consultation with the Commissioner of Mental Retardation,

388 the Commissioner of Social Services shall increase the inflation
389 adjustment for rates made in accordance with subsection (p) of section

398 effect for the fiscal year ending June 30, 2002, shall be paid for services
399 provided until October 31, 2002, except any facility that would have
400 been issued a lower rate effective July 1, 2002, than for the fiscal year
401 ending June 30, 2002, due to interim rate status or agreement with the
402 department shall be issued such lower rate effective July 1, 2002, and

415 matching funds associated with the rate increase provided in
416 subdivision (4) of subsection (f) of this section, but in no event earlier
417 than October 1, 2005, and provided the user fee imposed under section
418 17b-320 of the 2006 supplement to the general statutes is required to be
419 collected, each facility shall receive a rate that is four per cent more
420 than the rate the facility received in the prior fiscal year, except any
421 facility that would have been issued a lower rate effective October 1,
422 2005, than for the fiscal year ending June 30, 2005, due to interim rate
423 status or agreement with the department, shall be issued such lower
424 rate effective October 1, 2005. Such rate increase shall remain in effect
425 unless: (A) The federal financial participation matching funds
426 associated with the rate increase are no longer available; or (B) the user
427 fee created pursuant to section 17b-320 of the 2006 supplement to the
428 general statutes is not in effect. For the fiscal year ending June 30, 2007,

429 rates in effect for the period ending June 30, 2006, shall remain in effect
430 until September 30, 2006, except any facility that would have been

439 effective October 1, 2006.

440 Sec. 5. Subdivision (1) of subsection (h) of section 17b-340 of the
441 2006 supplement to the general statutes is repealed and the following
442 is substituted in lieu thereof (*Effective July 1, 2006*):

443 (h) (1) For the fiscal year ending June 30, 1993, any residential care
444 home with an operating cost component of its rate in excess of one
445 hundred thirty per cent of the median of operating cost components of
446 rates in effect January 1, 1992, shall not receive an operating cost
447 component increase. For the fiscal year ending June 30, 1993, any

450 components of rates in effect January 1, 1992, shall have an allowance
451 for real wage growth equal to sixty-five per cent of the increase
452 determined in accordance with subsection (q) of section 17-311-52 of
453 the regulations of Connecticut state agencies, provided such operating
454 cost component shall not exceed one hundred thirty per cent of the
455 median of operating cost components in effect January 1, 1992.
456 Beginning with the fiscal year ending June 30, 1993, for the purpose of
457 determining allowable fair rent, a residential care home with allowable
458 fair rent less than the twenty-fifth percentile of the state-wide
459 allowable fair rent shall be reimbursed as having allowable fair rent
460 equal to the twenty-fifth percentile of the state-wide allowable fair
461 rent. Beginning with the fiscal year ending June 30, 1997, a residential
462 care home with allowable fair rent less than three dollars and ten cents

463 per day shall be reimbursed as having allowable fair rent equal to
464 three dollars and ten cents per day. Property additions placed in
465 service during the cost year ending September 30, 1996, or any
466 succeeding cost year shall receive a fair rent allowance for such
467 additions as an addition to three dollars and ten cents per day if the
468 fair rent for the facility for property placed in service prior to
469 September 30, 1995, is less than or equal to three dollars and ten cents
470 per day. For the fiscal year ending June 30, 1996, and any succeeding
471 fiscal year, the allowance for real wage growth, as determined in
472 accordance with subsection (q) of section 17-311-52 of the regulations
473 of Connecticut state agencies, shall not be applied. For the fiscal year

478 June 30, 1997, minimum allowable patient days for rate computation
479 purposes for a residential care home with twenty-five beds or less shall
480 be eighty-five per cent of licensed capacity. Beginning with the fiscal
481 year ending June 30, 2002, for the purposes of determining the
482 allowable salary of an administrator of a residential care home with
483 sixty beds or less the department shall revise the allowable base salary
484 to thirty-seven thousand dollars to be annually inflated thereafter in
485 accordance with section 17-311-52 of the regulations of Connecticut
486 state agencies. The rates for the fiscal year ending June 30, 2002, shall
487 be based upon the increased allowable salary of an administrator,
488 regardless of whether such amount was expended in the 2000 cost
489 report period upon which the rates are based. Beginning with the fiscal
490 year ending June 30, 2000, the inflation adjustment for rates made in
491 accordance with subsection (p) of section 17-311-52 of the regulations
492 of Connecticut state agencies shall be increased by two per cent, and
493 beginning with the fiscal year ending June 30, 2002, the inflation
494 adjustment for rates made in accordance with subsection (c) of said
495 section shall be increased by one per cent. Beginning with the fiscal

501 beginning with the fiscal year ending June 30, 2001, such allowable
502 salary shall be computed on an hourly basis and the maximum
503 number of hours allowed for a related party other than the proprietor
504 shall be increased from forty hours to forty-eight hours per work week.
505 For the fiscal year ending June 30, 2005, each facility shall receive a rate
506 that is two and one-quarter per cent more than the rate the facility
507 received in the prior fiscal year, except any facility that would have
508 been issued a lower rate effective July 1, 2004, than for the fiscal year
509 ending June 30, 2004, due to interim rate status or agreement with the
510 department shall be issued such lower rate effective July 1, 2004.
511 Effective upon receipt of all the necessary federal approvals to secure
512 federal financial participation matching funds associated with the rate
513 increase provided in subdivision (4) of subsection (f) of this section,
514 but in no event earlier than October 1, 2005, and provided the user fee
515 imposed under section 17b-320 of the 2006 supplement to the general
516 statutes is required to be collected, each facility shall receive a rate that
517 is determined in accordance with applicable law and subject to
518 appropriations, except any facility that would have been issued a
519 lower rate effective October 1, 2005, than for the fiscal year ending June
520 30, 2005, due to interim rate status or agreement with the department,
521 shall be issued such lower rate effective October 1, 2005. Such rate
522 increase shall remain in effect unless: (A) The federal financial
523 participation matching funds associated with the rate increase are no
524 longer available; or (B) the user fee created pursuant to section 17b-320
525 of the 2006 supplement to the general statutes is not in effect. For the
526 fiscal year ending June 30, 2007, rates in effect for the period ending
527 June 30, 2006, shall remain in effect until September 30, 2006, except
528 any facility that would have been issued a lower rate effective July 1,
529 2006, than for the fiscal year ending June 30, 2006, due to interim rate
530 status or agreement with the department, shall be issued such lower
531 rate effective July 1, 2006. Effective October 1, 2006, no facility shall
532 receive a rate that is more than four per cent greater than the rate in

533 effect for the facility on September 30, 2006, except for any facility that
534 would have been issued a lower rate effective October 1, 2006, due to
535 interim rate status or agreement with the department, shall be issued
536 such lower rate effective October 1, 2006.

537 Sec. 6. Subsection (a) of section 17b-321 of the 2006 supplement to
538 the general statutes is repealed and the following is substituted in lieu
539 thereof (*Effective July 1, 2006*):

540 (a) On or before July 1, 2005, and on or before July first [of each
541 succeeding calendar year] biennially thereafter, the Commissioner of
542 Social Services shall determine the amount of the user fee and
543 promptly notify the commissioner and nursing homes of such amount.
544 The user fee shall be the (1) the sum of each nursing home's anticipated
545 nursing home net revenue, including but not limited to its estimated
546 net revenue from any increases in Medicaid payments, during the
547 twelve-month period ending on June thirtieth of the succeeding
548 calendar year, (2) which sum shall be multiplied by six per cent, and
549 (3) which product shall be divided by the sum of each nursing home's
550 anticipated resident days during the twelve-month period ending on
551 June thirtieth of the succeeding calendar year. The Commissioner of
552 Social Services, in anticipating nursing home net revenue and resident
553 days, shall use the most recently available nursing home net revenue
554 and resident day information. On or before July 1, 2007, the
555 Commissioner of Social Services shall report, in accordance with
556 section 11-4a, to the joint standing committees of the General
557 Assembly having cognizance of matters relating to appropriations and
558 the budgets of state agencies and human services on the detrimental
559 effects, if any, that a biennial determination of the user fee may have
560 on private payors.

561 Sec. 7. Subsection (b) of section 17b-321 of the 2006 supplement to
562 the general statutes is repealed and the following is substituted in lieu
563 thereof (*Effective July 1, 2006*):

564 (b) Upon approval of the waiver of federal requirements for

565 uniform and broad-based user fees in accordance with 42 CFR 433.68
566 pursuant to section 17b-323, the Commissioner of Social Services shall
567 redetermine the amount of the user fee and promptly notify the
568 commissioner and nursing homes of such amount. The user fee shall
569 be the (1) the sum of each nursing home's anticipated nursing home
570 net revenue, including but not limited to its estimated net revenue
571 from any increases in Medicaid payments, during the twelve-month
572 period ending on June thirtieth of the succeeding calendar year but not
573 including any such anticipated net revenue of any nursing home
574 exempted from such user fee due to waiver of federal requirements
575 pursuant to section 17b-323, (2) which sum shall be multiplied by six
576 per cent, and (3) which product shall be divided by the sum of each
577 nursing home's anticipated resident days, but not including the
578 anticipated resident days of any nursing home exempted from such
579 user fee due to waiver of federal requirements pursuant to section 17b-
580 323. Notwithstanding the provisions of this subsection, the amount of
581 the user fee for each nursing home licensed for more than two
582 hundred thirty beds or owned by a municipality shall be equal to the
583 amount necessary to comply with federal provider tax uniformity
584 waiver requirements as determined by the Commissioner of Social
585 Services. The Commissioner of Social Services may increase
586 retroactively the user fee for nursing homes not licensed for more than
587 two hundred thirty beds and not owned by a municipality to the
588 effective date of waiver of said federal requirements to offset user fee
589 reductions necessary to meet the federal waiver requirements.
590 [Thereafter, on] On or before July [first of each succeeding calendar
591 year] 1, 2005, and biennially thereafter, the Commissioner of Social
592 Services shall determine the amount of the user fee in accordance with
593 this subsection. The Commissioner of Social Services, in anticipating
594 nursing home net revenue and resident days, shall use the most
595 recently available nursing home net revenue and resident day
596 information. On or before July 1, 2007, the Commissioner of Social
597 Services shall report, in accordance with section 11-4a, to the joint
598 standing committees of the General Assembly having cognizance of
599 matters relating to appropriations and the budgets of state agencies

600 and human services on the detrimental effects, if any, that a biennial
601 determination of the user fee may have on private payors.

603 following is substituted in lieu thereof (*Effective July 1, 2006*):

604 (a) The Commissioner of Social Services shall seek a waiver from
605 federal law to establish a personal care assistance program for persons
606 [ages eighteen through sixty-four] eighteen years of age or older with
607 disabilities funded under the Medicaid program. Such a program shall
608 be limited to a specified number of slots available for eligible program
609 recipients and shall be operated by the Department of Social Services
610 within available appropriations. Such a waiver shall be submitted to
611 the joint standing committees of the General Assembly having
612 cognizance of matters relating to appropriations and the budgets of
613 state agencies and human services in accordance with section 17b-8 no
614 later than January 1, 1996.

615 (b) The Commissioner of Social Services shall amend the waiver
616 specified in subsection (a) of this section to enable persons eligible for
617 or receiving medical assistance under section 17b-597 to receive
618 personal care assistance. Such amendment shall not be subject to the
619 provisions of section 17b-8 provided such amendment shall consist
620 only of modifications necessary to extend personal care assistance to

628 years of age or older and meet the eligibility requirements of the
629 Connecticut home-care program for the elderly established under
630 section 17b-342, as amended, to receive personal care assistance
631 provided such services are cost effective as determined by the

632 Commissioner of Social Services. Persons who receive personal care
633 assistance services pursuant to the pilot program established by
634 section 47 of public act 00-2 of the June special session* shall be
635 included as participants of the pilot program established pursuant to
636 this section. Personal care assistance under the program may be
637 provided by nonspousal family members of the recipient of services
638 under the program.

639 Sec. 10. (NEW) (*Effective July 1, 2006*) On and after July 1, 2006, and

678 the commissioner. Such services may include, but not be limited to,
679 emergency and delivery services provided such services are offered on
680 all medications, including intravenous therapy, twenty-four hours per

687 Sec. 13. Section 17b-265e of the 2006 supplement to the general
688 statutes is repealed and the following is substituted in lieu thereof
689 (*Effective July 1, 2006*):

690 (a) There is established a fund to be known as the "Medicare Part D
691 Supplemental Needs Fund" which shall be an account within the
692 General Fund under the Department of Social Services. The
693 Commissioner of Social Services shall, within available appropriations,
694 designate moneys to said fund. Moneys available in said fund shall be
695 utilized by the Department of Social Services to provide financial
696 assistance to Medicare Part D beneficiaries who are enrolled in the

697 ConnPACE program or who are full benefit dually eligible Medicare
698 Part D beneficiaries, as defined in section 17b-265d, and who lack the
699 financial means to obtain medically necessary nonformulary
700 prescription drugs. A beneficiary requesting such financial assistance
701 from the department shall be required to make a satisfactory showing
702 of the medical necessity of obtaining such nonformulary prescription
703 drug to the department. The department may require as a condition of
704 receiving such financial assistance that a beneficiary establish, to the
705 satisfaction of the department, that the beneficiary has made good faith
706 efforts to: (1) Enroll in a Medicare Part D plan recommended by the
707 commissioner or the commissioner's agent; and (2) utilize the
708 exception process established by the prescription drug plan in which
709 the beneficiary is enrolled. The department shall expeditiously review
710 all requests for financial assistance pursuant to this section and shall
711 notify the beneficiary as to whether the request for financial assistance
712 has been granted not later than two hours after receiving the request
713 from the beneficiary. The commissioner shall implement policies and
714 procedures to administer the provisions of this section and to ensure
715 that all requests for, and determinations made concerning financial
716 assistance available pursuant to this section are expeditiously
717 processed.

718 (b) The Department of Social Services shall, in accordance with the
719 provisions of this section, pay claims for prescription drugs for
720 Medicare Part D beneficiaries, who are also either Medicaid or
721 ConnPACE recipients and who are denied coverage by the Medicare
722 Part D Plan in which such beneficiary is enrolled because a prescribed
723 drug is not on the formulary utilized by such Medicare Part D Plan.
724 Payment shall initially be made by the department for a thirty-day
725 supply, subject to any applicable copayment. The beneficiary shall
726 appoint the commissioner as such beneficiary's representative for the

728 any other purpose allowed under said act and deemed necessary by
729 the commissioner.

730 (c) Notwithstanding any provision of the general statutes, not later

731 than July 1, 2006, the Commissioner of Social Services shall contract
 732 with an entity specializing in Medicare appeals and reconsideration for
 733 the purpose of having such entity exhaust remedies for pursuing
 734 payment under Medicare Part D by Part D Plans for prescriptions
 735 denied as nonformulary drugs, including remedies available through
 736 reconsideration by an Independent Review Entity, review by an
 737 Administrative Law Judge, the Medicare Appeals Council or Federal

 741 pursuant to subsection (c) of this section shall submit appeals beyond
 742 the Independent Review Entity only upon authorization from the
 743 department. Upon determination by the department that it is not cost-
 744 effective to pursue further appeals, the department shall pay for the
 745 denied nonformulary drug for the remainder of the calendar year,
 746 provided the beneficiary remains enrolled in the Part D Plan that
 747 denied coverage. Pending the outcome of the appeals process, the
 748 department shall continue to pay claims for the nonformulary drug
 749 denied by the Part D Plan until the earlier of approval of such drug by
 750 the Part D Plan or for the remainder of the calendar year.

816 any denial of Medicare Part D benefits and for any other purpose
817 allowed under said act and deemed necessary by the commissioner.

819 Medicare Part D coverage for eligible applicants or recipients.

820 Sec. 15. Section 17b-242a of the 2006 supplement to the general

822 (*Effective July 1, 2006*):

823 The Commissioner of Social Services shall establish prior
824 authorization procedures under the Medicaid program for home

832 of Social Services may contract with an entity for administration of any
833 such aspect of prior authorization or may expand the scope of an
834 existing contract with an entity that performs utilization review
835 services on behalf of the department. The commissioner, pursuant to
836 section 17b-10, may implement policies and procedures necessary to
837 administer the provisions of this section while in the process of
838 adopting such policies and procedures as regulation, provided the
839 commissioner prints notice of intent to adopt regulations in the
840 Connecticut Law Journal not later than twenty days after the date of
841 implementation. Policies and procedures implemented pursuant to
842 this section shall be valid until the time final regulations are adopted.

843 Sec. 16. Subsection (j) of section 17b-292 of the 2006 supplement to
844 the general statutes is repealed and the following is substituted in lieu
845 thereof (*Effective July 1, 2006*):

846 (j) Not more than twelve months after the determination of
847 eligibility for benefits under the HUSKY Plan, Part A and Part B and
848 annually thereafter, the commissioner or the servicer, as the case may
849 be, shall determine if the child continues to be eligible for the plan. The
850 commissioner or the servicer shall mail an application form to each
851 participant in the plan for the purposes of obtaining information to
852 make a determination on eligibility. To the extent permitted by federal
853 law, in determining eligibility for benefits under the HUSKY Plan, Part
854 A or Part B with respect to family income, the commissioner or the
855 servicer shall rely upon information provided in such form by the
856 participant unless the commissioner or the servicer has reason to
857 believe that such information is inaccurate or incomplete. The
858 Department of Social Services shall annually review a random sample
859 of cases to confirm that, based on the statistical sample, relying on such
860 information is not resulting in ineligible clients receiving benefits
861 under HUSKY Plan Part A or Part B. The determination of eligibility
862 shall be coordinated with health plan open enrollment periods.

863 Sec. 17. Section 17b-84 of the general statutes is repealed and the
864 following is substituted in lieu thereof (*Effective July 1, 2006*):

872 hundred dollars as an allowance toward the funeral and burial
873 expenses of such deceased. The payment for funeral and burial
874 expenses shall be reduced by the amount in any revocable or
875 irrevocable funeral fund, prepaid funeral contract or the face value of
876 any life insurance policy owned by the recipient. Contributions may be
877 made by any person for the cost of the funeral and burial expenses of
878 the deceased over and above the sum established under this section
879 without thereby diminishing the state's obligation.

880 Sec. 18. Section 17b-131 of the general statutes is repealed and the
881 following is substituted in lieu thereof (*Effective July 1, 2006*):

882 When a person in any town, or sent from such town to any licensed
883 institution or state humane institution, dies or is found dead therein
884 and does not leave sufficient estate or has no legally liable relative able
885 to pay the cost of a proper funeral and burial, or upon the death of any
886 beneficiary under the state-administered general assistance program,
887 the Commissioner of Social Services shall give to such person a proper
888 funeral and burial, and shall pay a sum not exceeding [twelve
889 hundred] one thousand eight hundred dollars as an allowance toward
890 the funeral expenses of such deceased, said sum to be paid, upon

894 irrevocable funeral fund, (2) any prepaid funeral contract, (3) the face
895 value of any life insurance policy owned by the decedent, and (4)
896 contributions in excess of two thousand eight hundred dollars toward
897 such funeral and burial expenses from all other sources including
898 friends, relatives and all other persons, organizations, veterans and

899 other benefit programs and other agencies.

900 Sec. 19. Section 17b-264 of the general statutes is repealed and the
901 following is substituted in lieu thereof (*Effective July 1, 2006*):

902 All of the provisions of sections 17b-22, 17b-75 to 17b-77, inclusive,
903 17b-79 to 17b-83, inclusive, 17b-85 to 17b-103, inclusive, and 17b-600 to
904 17b-604, inclusive, are extended to the medical assistance program
905 except such provisions as are inconsistent with federal law and
906 regulations governing Title XIX of the Social Security Amendments of
907 1965 and sections 17b-260 to 17b-262, inclusive, 17b-264 to 17b-285,
908 inclusive, as amended, and 17b-357 to 17b-361, inclusive.

909 Sec. 20. Section 19a-55a of the general statutes is repealed and the
910 following is substituted in lieu thereof (*Effective July 1, 2006*):

911 (a) There is established a newborn screening account that shall be a
912 separate nonlapsing account within the General Fund. The account
913 shall contain any moneys required by law to be deposited into the
914 account. Any balance remaining in said account at the end of any fiscal
915 year shall be carried forward in the account for the next fiscal year.

916 (b) [Three hundred forty-five] Five hundred thousand dollars of the
917 amount collected pursuant to section 19a-55, as amended, in each fiscal
918 year, shall be credited to the newborn screening account, and be
919 available for expenditure by the Department of Public Health for the
920 expenses of the testing required by sections 19a-55, as amended, and
921 19a-59.

922 Sec. 21. Section 17b-239 of the 2006 supplement to the general
923 statutes is repealed and the following is substituted in lieu thereof
924 (*Effective July 1, 2006*):

925 (a) The rate to be paid by the state to hospitals receiving
926 appropriations granted by the General Assembly and to freestanding
927 chronic disease hospitals, providing services to persons aided or cared
928 for by the state for routine services furnished to state patients, shall be

929 based upon reasonable cost to such hospital, or the charge to the
 930 general public for ward services or the lowest charge for semiprivate
 931 services if the hospital has no ward facilities, imposed by such
 932 hospital, whichever is lowest, except to the extent, if any, that the
 933 commissioner determines that a greater amount is appropriate in the
 934 case of hospitals serving a disproportionate share of indigent patients.
 935 Such rate shall be promulgated annually by the Commissioner of
 936 Social Services. Nothing contained [herein] in this section shall
 937 authorize a payment by the state for such services to any such hospital
 938 in excess of the charges made by such hospital for comparable services
 939 to the general public. Notwithstanding the provisions of this section,
 940 for the rate period beginning July 1, 2000, rates paid to freestanding
 941 chronic disease hospitals and freestanding psychiatric hospitals shall
 942 be increased by three per cent. For the rate period beginning July 1,
 943 2001, a freestanding chronic disease hospital or freestanding
 944 psychiatric hospital shall receive a rate that is two and one-half per
 945 cent more than the rate it received in the prior fiscal year and such rate
 946 shall remain effective until December 31, 2002. Effective January 1,
 947 2003, a freestanding chronic disease hospital or freestanding
 948 psychiatric hospital shall receive a rate that is two per cent more than
 949 the rate it received in the prior fiscal year. Notwithstanding the
 950 provisions of this subsection, for the period commencing July 1, 2001,
 951 and ending June 30, 2003, the commissioner may pay an additional
 952 total of no more than three hundred thousand dollars annually for
 953 services provided to long-term ventilator patients. For purposes of this
 954 subsection, "long-term ventilator patient" means any patient at a
 955 freestanding chronic disease hospital on a ventilator for a total of sixty
 956 days or more in any consecutive twelve-month period. Effective July 1,
 957 2004, each freestanding chronic disease hospital shall receive a rate
 958 that is two per cent more than the rate it received in the prior fiscal
 959 year.

960 (b) Effective October 1, 1991, the rate to be paid by the state for the
 961 cost of special services rendered by such hospitals shall be established
 962 annually by the commissioner for each such hospital based on the

963 reasonable cost to each hospital of such services furnished to state
964 patients. Nothing contained herein shall authorize a payment by the
965 state for such services to any such hospital in excess of the charges
966 made by such hospital for comparable services to the general public.

967 (c) The term "reasonable cost" as used in this section means the cost
968 of care furnished such patients by an efficient and economically
969 operated facility, computed in accordance with accepted principles of
970 hospital cost reimbursement. The commissioner may adjust the rate of
971 payment established under the provisions of this section for the year
972 during which services are furnished to reflect fluctuations in hospital
973 costs. Such adjustment may be made prospectively to cover anticipated
974 fluctuations or may be made retroactive to any date subsequent to the
975 date of the initial rate determination for such year or in such other
976 manner as may be determined by the commissioner. In determining
977 "reasonable cost" the commissioner may give due consideration to
978 allowances for fully or partially unpaid bills, reasonable costs
979 mandated by collective bargaining agreements with certified collective
980 bargaining agents or other agreements between the employer and
981 employees, provided "employees" shall not include persons employed
982 as managers or chief administrators, requirements for working capital
983 and cost of development of new services, including additions to and
984 replacement of facilities and equipment. The commissioner shall not
985 give consideration to amounts paid by the facilities to employees as
986 salary, or to attorneys or consultants as fees, where the responsibility
987 of the employees, attorneys or consultants is to persuade or seek to
988 persuade the other employees of the facility to support or oppose
989 unionization. Nothing in this subsection shall prohibit the
990 commissioner from considering amounts paid for legal counsel related
991 to the negotiation of collective bargaining agreements, the settlement
992 of grievances or normal administration of labor relations.

993 (d) The state shall also pay to such hospitals for each outpatient
994 clinic and emergency room visit a reasonable rate to be established
995 annually by the commissioner for each hospital, such rate to be
996 determined by the reasonable cost of such services. The emergency

997 room visit rates in effect June 30, 1991, shall remain in effect through
998 June 30, 1993, except those which would have been decreased effective
999 July 1, 1991, or July 1, 1992, shall be decreased. Nothing contained
1000 herein shall authorize a payment by the state for such services to any
1001 hospital in excess of the charges made by such hospital for comparable
1002 services to the general public. For those outpatient hospital services
1003 paid on the basis of a ratio of cost to charges, the ratios in effect June
1004 30, 1991, shall be reduced effective July 1, 1991, by the most recent
1005 annual increase in the consumer price index for medical care. For those
1006 outpatient hospital services paid on the basis of a ratio of cost to
1007 charges, the ratios computed to be effective July 1, 1994, shall be
1008 reduced by the most recent annual increase in the consumer price
1009 index for medical care. The emergency room visit rates in effect June
1010 30, 1994, shall remain in effect through December 31, 1994. The
1011 Commissioner of Social Services shall establish a fee schedule for
1012 outpatient hospital services to be effective on and after January 1, 1995.
1013 Except with respect to the rate periods beginning July 1, 1999, and July
1014 1, 2000, such fee schedule shall be adjusted annually beginning July 1,
1015 1996, to reflect necessary increases in the cost of services.
1016 Notwithstanding the provisions of this subsection, the fee schedule for
1017 the rate period beginning July 1, 2000, shall be increased by ten and
1018 one-half per cent, effective June 1, 2001. Notwithstanding the
1019 provisions of this subsection, outpatient rates in effect as of June 30,
1020 2003, shall remain in effect through June 30, 2005. Effective July 1, 2006,
1021 subject to available appropriations, the commissioner shall increase
1022 outpatient service fees for services that may include clinic, emergency
1023 room, magnetic resonance imaging, and computerized axial
1024 tomography. Not later than October 1, 2006, the commissioner shall
1025 submit a report, in accordance with section 11-4a, to the joint standing
1026 committees of the General Assembly having cognizance of matters
1027 relating to public health, human services and appropriations and the
1028 budgets of state agencies, identifying such fee increases and the
1029 associated cost increase estimates.

1030 (e) The commissioner shall adopt regulations, in accordance with

1031 the provisions of chapter 54, establishing criteria for defining
1032 emergency and nonemergency visits to hospital emergency rooms. All
1033 nonemergency visits to hospital emergency rooms shall be paid at the
1034 hospital's outpatient clinic services rate. Nothing contained in this
1035 subsection or the regulations adopted hereunder shall authorize a
1036 payment by the state for such services to any hospital in excess of the
1037 charges made by such hospital for comparable services to the general
1038 public.

1039 (f) On and after October 1, 1984, the state shall pay to an acute care
1040 general hospital for the inpatient care of a patient who no longer
1041 requires acute care a rate determined by the following schedule: For
1042 the first seven days following certification that the patient no longer
1043 requires acute care the state shall pay the hospital at a rate of fifty per
1044 cent of the hospital's actual cost; for the second seven-day period
1045 following certification that the patient no longer requires acute care the
1046 state shall pay seventy-five per cent of the hospital's actual cost; for the
1047 third seven-day period following certification that the patient no
1048 longer requires acute care and for any period of time thereafter, the
1049 state shall pay the hospital at a rate of one hundred per cent of the
1050 hospital's actual cost. On and after July 1, 1995, no payment shall be
1051 made by the state to an acute care general hospital for the inpatient
1052 care of a patient who no longer requires acute care and is eligible for
1053 Medicare unless the hospital does not obtain reimbursement from
1054 Medicare for that stay.

1055 (g) Effective June 1, 2001, the commissioner shall establish inpatient
1056 hospital rates in accordance with the method specified in regulations
1057 adopted pursuant to this section and applied for the rate period
1058 beginning October 1, 2000, except that the commissioner shall update
1059 each hospital's target amount per discharge to the actual allowable cost
1060 per discharge based upon the 1999 cost report filing multiplied by
1061 sixty-two and one-half per cent if such amount is higher than the target
1062 amount per discharge for the rate period beginning October 1, 2000, as
1063 adjusted for the ten per cent incentive identified in Section 4005 of
1064 Public Law 101-508. If a hospital's rate is increased pursuant to this

1065 subsection, the hospital shall not receive the ten per cent incentive
1066 identified in Section 4005 of Public Law 101-508. For rate periods
1067 beginning October 1, 2001, through [March 31, 2008] September 30,
1068 2006, the commissioner shall not apply an annual adjustment factor to
1069 the target amount per discharge. Effective April 1, 2005, the revised
1070 target amount per discharge for each hospital with a target amount per
1071 discharge less than three thousand seven hundred fifty dollars shall be
1072 three thousand seven hundred fifty dollars. [Effective October 1, 2006,
1073 the revised target amount per discharge for each hospital with a target
1074 amount per discharge less than four thousand dollars shall be four
1075 thousand dollars. Effective October 1, 2007, the revised target amount
1076 per discharge for each hospital with a target amount per discharge less
1077 than four thousand two hundred fifty dollars shall be four thousand
1078 two hundred fifty dollars.] Effective October 1, 2006, subject to
1079 available appropriations, the commissioner shall establish an increased
1080 target amount per discharge of not less than four thousand dollars for
1081 each hospital with a target amount per discharge less than four
1082 thousand dollars for the rate period ending September 30, 2006, and
1083 the commissioner may apply an annual adjustment factor to the target
1084 amount per discharge for hospitals that are not increased as a result of
1085 the revised target amount per discharge. Not later than October 1,
1086 2006, the commissioner shall submit a report, in accordance with
1087 section 11-4a, to the joint standing committees of the General
1088 Assembly having cognizance of matters relating to public health,
1089 human services and appropriations and the budgets of state agencies
1090 identifying the increased target amount per discharge and the
1091 associated cost increase estimates.

1092 Sec. 22. (Effective July 1, 2006) (a) The Department of Social Services,
1093 in consultation with the Connecticut Pharmacists Association, shall
1094 review the impact of the implementation of average manufacturer
1095 price reimbursement methodology that shall take effect on January 1,
1096 2007, as required under the federal Deficit Reduction Act of 2005. Such
1097 review shall include, but not be limited to, the financial impact of the
1098 required change in pharmacy reimbursement received under the

1099 Medicaid fee-for-service program and recommendations for potential
1100 changes in the dispensing fee, both for brand name drugs and generic
1101 drug products.

1102 (b) Based on the outcome of such study, on or after April 1, 2007,
1103 and for the fiscal year ending on June 30, 2007, the Department of
1104 Social Services may, subsequent to the approval by the Secretary of the
1105 Office of Policy and Management, implement increased adjustments to
1106 dispensing fees paid to licensed pharmacies pursuant to section 17b-
1107 280 of the 2006 supplement to the general statutes for prescription
1108 drugs dispensed to Medicaid, ConnPACE and Connecticut AIDS drug
1109 assistance recipients. The Department of Social Services may provide,
1110 upon approval by the Secretary of the Office of Policy and
1111 Management, increased adjustments to the dispensing fee paid to
1112 licensed pharmacies providing services to ConnPACE, Medicaid, state-
1113 administered general assistance and Connecticut AIDS drug assistance
1114 recipients in order to indemnify and hold harmless those pharmacies
1115 that experience financial hardship attributable to their participation in
1116 said state-funded programs due to the implementation of the average
1117 manufacturer price reimbursement methodology required under the
1118 federal Deficit Reduction Act of 2005.

1119 Sec. 23. (*Effective July 1, 2006*) The Children's Trust Fund Council
1120 and the Department of Children and Families shall enter into an
1121 agreement whereby the department shall transfer to the council six
1122 hundred fourteen thousand one hundred ten dollars appropriated to
1123 the department in house bill 5845 of the current session.

1124 Sec. 24. (*Effective July 1, 2006*) Subject to the provisions of section 3-
1125 125a of the general statutes, the Department of Social Services is
1126 authorized to use moneys in the Medicaid appropriation for the fiscal
1127 year ending June 30, 2007, to pay proceeds of any settlement
1128 agreement in the action of Mary Carr, et al v. Patricia Wilson-Coker,
1129 Commissioner of the Department of Social Services, United States
1130 District Court, District of Connecticut, Civil Action No. 3: 00CV1050
1131 (AVC) to comply with such agreement. The department shall, not later

1132 than six months from the date of such settlement, report to the joint
1133 standing committees of the General Assembly having cognizance of
1134 matters relating to appropriations and the budgets of state agencies,
1135 human services and public health on a plan to achieve compliance
1136 with such settlement.

1137 Sec. 25. Section 5-239a of the general statutes is repealed and the
1138 following is substituted in lieu thereof (*Effective July 1, 2006*):

1139 The Commissioner of Administrative Services may establish
1140 procedures for the assignment of permanent state employees of the
1141 executive branch, including institutions of higher education
1142 encompassing technical and junior colleges as well as four-year
1143 colleges and universities, to a federal agency, to the office of the court
1144 monitor at the Department of Children and Families established in
1145 accordance with the terms of the consent decree entered in the case of
1146 Juan F. v. O'Neill, United States District Court, Docket No. H-89-859

1148 institutions of higher education, including private as well as public
1149 institutions and technical and junior colleges as well as four-year
1150 colleges and universities, provided that the assignment meets with the
1151 written approval of the appointing authorities of the agencies and
1152 institutions involved in the assignment of the employee. State
1153 employees may only be assigned to such agencies and institutions with
1154 their personal consent. Assignments may be made for a period of up to
1155 two years and renewed once for an additional two years, provided any
1156 assignment of an employee to the court monitor at the Department of
1157 Children and Families shall not be subject to such durational time
1158 limits and may remain effective until December 31, [2006] 2007. An
1159 employee on such assignment may be deemed to be on detail to a

1579 hundred persons and shall be designed to achieve the objectives set
1580 forth in Section 6071(a) of the Deficit Reduction Act of 2005. Services
1581 available under the demonstration project shall include, but not be
1582 limited to, personal care assistance services. The commissioner may
1583 apply for a Medicaid research and demonstration waiver under
1584 Section 1115 of the Social Security Act, if such waiver is necessary to
1585 implement the demonstration project. The commissioner may, if
1586 necessary, modify any existing Medicaid home or community-based
1587 waiver if such modification is required to implement the
1588 demonstration project.

1589 Sec. 45. (*Effective from passage*) Commencing on July 1, 2006, and

1607 implemented by said departments to comply with the requirements of
1608 the federal Deficit Reduction Act of 2005 shall, to the extent permitted
1609 by federal law, emphasize vocational and educational training
1610 programs, work experience programs and the expansion of
1611 employment services and child care services. Such revisions shall be
1612 designed to promote the employment of participants in a manner

Explanation

Section 1 of the bill specifies that when setting rates for nursing home facilities, the Department of Social Services (DSS) shall consider the ability of the facility to meet wage and benefit costs, among other factors. While this change may affect the rates set for particular homes, it is not expected to have a direct impact on the overall rate setting process.

Sections 2 through 5 provide FY07 rate increases for nursing homes, intermediate care facilities for the mentally retarded (ICF-MR's) and residential care homes. The HB 5845 (the Budget Bill, as approved by the House and Senate) include \$41.1 million for these rate increases. These sections also contain language clarifying DSS's ability to

establish interim rates.

Sections 6 and 7 delay the recalculation of the nursing home user fee until July 1, 2007. This maintains the currently established fees through the biennium, which would have otherwise risen for all nursing home residents due to the rate increases noted above. HB 5845 assumed no increase in these fees in FY07.

Section 8 eliminates the age limit in the personal care assistance waiver program under Medicaid. As this program is restricted to have a specific number of slots, raising the age will not increase the enrollment in the program. Therefore, there is no associated fiscal impact.

Section 9 increases the state funded pilot program for personal care assistance from 150 slots to 250 slots. This increase is expected to cost \$2.1 million annually, which is included in HB 5845.

Section 10 provides an incentive for school districts to seek reimbursement for certain Medicaid eligible care provided outside their districts. This is expected to increase federal reimbursement received for these services. Any such revenue received will be equally divided between the district and the state. Under current Special Education - Excess Cost funding levels this may result in a minor shifting of aid to local and regional school districts that claim additional Medicaid eligible expenditures.

Section 11 prohibits the payment for erectile dysfunction (ED) drugs under the ConnPACE program, unless the drugs are prescribed for a condition other than sexual or erectile dysfunction. The ConnPACE program pays approximately \$250,000 annually on these drugs. It is not known what portion of these expenditures is prescribed for conditions other than dysfunction.

Section 12 allows DSS to reimburse for prescription drugs dispensed in unit dose packaging for clients in nursing homes, chronic disease facilities and ICF-MR's. This may lead to a minimal savings

through reduced pharmaceutical waste.

Section 13 requires DSS to contract with an entity to develop a uniform appeals procedure for Medicaid and ConnPACE clients who have had prescriptions denied under the Medicare Part D program. HB 5845 includes \$1.5 million for the development and administration of this contract. This section also requires DSS to pay for denied non-formulary drugs during the appeals process and at certain times after the appeals process has been exhausted. HB 5845 includes \$5 million in the Medicare Part D Supplemental Needs Fund to pay for these prescriptions.

Section 14 and 55 make several changes to the Connecticut AIDS Drug Assistance Program (CADAP), including requiring eligible applicants and recipients to enroll in the Medicare Part D program. These changes may reduce CADAP costs as Medicare Part D may pay for some costs that are currently incurred by CADAP. However, as this program is primarily supported through federal funds, only minimal General Fund impact is anticipated.

Section 15 lowers the threshold for prior authorization for Medicaid home health services from 20 hours to 14 hours. This change is expected to save \$880,000 annually, which is reflected in HB 5845.

Section 16 restores the self-declaration policy under the HUSKY program. HB 5845 includes \$2 million in FY07 for this change.

Sections 17 through 19 raise the burial allowance for the Temporary Family Assistance, Supplemental Assistance, and State Administered General Assistance programs from \$1,200 to \$1,800. This increase is expected to cost \$1 million annually, which is included in HB 5845.

Section 20 increases a statutory transfer of funding from newborn genetic screening fee receipts from \$345,000 to \$500,000. A comparable reduction in General Fund revenues of \$155,000 annually will result.

Section 21 increases certain Medicaid hospital outpatient fees and target discharge rates, subject to available appropriation. The cost of

these increases would be dependent upon the rates and fees established, which are not known at this time. HB 5845 contains \$7 million for rate increases for general hospitals.

Section 22 gives DSS flexibility, in FY07, to increase pharmacy dispensing fees based on changes in federal pharmaceutical pricing policies. The federal changes are expected to result in a reduction in the price paid for the pharmaceuticals. DSS is expected to increase the dispensing fee in order to hold the pharmacies harmless in light of the federal changes.

Section 23 requires DCF to enter into a memorandum of understanding with the Council to Administer the Children's Trust Fund so as to facilitate the transfer of \$614,110 for the purpose of supporting an expansion of Nurturing Families Network programming within New Haven. The following sums have been included within HB 5845 under DCF's budget for this purpose: \$72,000 in Personal Services; \$10,000 in Other Expenses; and \$532,110 in the Community Based Prevention Programs account.

Section 24 gives DSS the authority to pay any settlement in the Carr v. Wilson-Coker dental access case from the Medicaid account. As this section does not mandate any payment, but just specifies how such a settlement is to be paid, no direct fiscal impact is anticipated. DSS must also report to the General Assembly concerning the dental settlement.

Section 25 would extend by up to 12 months (from 1/1/07 to 1/1/08) the date by which an employee currently on leave from the Department of Children and Families (DCF) must return to state employment. A Director of Community Services is currently on assignment as the Court Monitor for the Juan F. Consent Decree.

The Court Monitor's office is reimbursed for salary and fringe benefits costs associated with this position by the Office of the State Comptroller via the non-appropriated Adjudicated Claims account. Salary and benefits paid while on assignment are equal to those that

would otherwise have been paid had the individual remained in regular state employment. Therefore, extending the assignment will result in a cost avoidance to the DCF (under the Personal Services account) as well as miscellaneous accounts administered by the Comptroller, and an equivalent cost to the Adjudicated Claims Account.

Section 26 makes durable medical equipment (DME) supplied to students at school based health centers eligible for Medicaid reimbursement. This does not change the eligibility for DME, but allows the state to receive federal reimbursement for goods currently purchased. This change is expected to generate an additional \$1 million to \$2 million in federal revenue annually. Any such additional revenue will be evenly divided between the state and the municipalities.

Section 27 allows people enrolled in the Medicaid Employed Disabled coverage group to maintain Medicaid coverage beyond the age of 65. Currently individuals who reach the age of 65 must either cease working or enter spend down in order to maintain health benefits. These individuals usually thus end up remaining on Medicaid, but not working. Therefore, a net increase in Medicaid expenditures is not expected.

Sections 28 and 29 make several changes to the composition of the Community Mental Health Strategy Board (CMHSB). These changes are not expected to result in any fiscal impact.

Section 30 requires DSS and DCF to develop grievance procedures for providers and specifies that these procedures include certain appeals. This may lead to increased administrative costs to the departments.

Section 31 allows the Department of Mental Health and Addiction Services (DMHAS), in consultation with the CMHSB, to implement pilot programs on mental health and peer counseling. **Section 52** specifies that of the \$2 million in FY06 surplus funds appropriated to

the CMHSB in HB 5845, \$275,000 is designated to implement these pilots.

Section 32 allows DSS to seek a Medicaid Home and Community Based waiver or state plan amendment for adults with psychiatric disabilities being discharged or diverted from nursing home care. **Section 53** specifies that of the \$2 million in FY06 surplus funds appropriated to the CMHSB in HB 5845, up to \$1,725,000 can be allocated to fund the housing component of this plan. Under federal requirements, the additional medical cost of the home and community based services must be offset by institutional savings from nursing homes. This program is expected to have on-going costs of approximately \$3.5 million when fully annualized. DSS must report on the status of this program annually.

Section 33 increases the information that must be reported by utilization review companies. This has no fiscal impact for the state.

Section 34 and 35 add additional reporting and notification requirements for the Department of Insurance. These requirements result in a minimal increase in administrative costs for the department.

Section 36 allows funds appropriated to the CMHSB to be expended for programs and services that result in maximization of federal reimbursement for community based mental health care. As the language is permissive and no funds are included in HB 5845 for this purpose, no new programs are expected to be established.

Sections 37 requires the Department of Mental Retardation (DMR) to establish a pilot program to provide a coordinated system of supports and services for up to 50 adults with autism spectrum disorders who are not eligible for DMR services. HB 5845 includes \$1 million in funding in FY 07 to support the pilot program for autism services (including service coordination, supported employment, supported living and transportation). The annual cost per person may vary from \$15,000 - \$30,000. The \$1 million funding in FY 07 supports a phase-in of services starting October 1, 2006.

The section also requires the department to submit a report to the Public Health Committee no later than January 1, 2009, with the results of the pilot program and recommendations. The department can meet this reporting requirement without additional resources.

Section 38 requires the General Assembly to contract for a comprehensive needs assessment of the unmet long term care needs in the state and specifies what is to be reviewed. HB 5845 contains \$200,000 under the Commission on Aging to conduct this needs assessment.

Section 39 increases from \$1.2 million to \$1.5 million the amount of funds that the Connecticut Lottery Corporation (CLC) must transfer to the chronic gamblers treatment rehabilitation account under DMHAS. This constitutes an increase in operating expenses to the CLC and will reduce the amount of revenue that CLC transfers to the General Fund by \$300,000.

Section 40 and 41 allows towns that are selected for a grant for the Independent Transportation Network (ITN) program to receive grants in FY07 as well as FY06, and allows unspent FY06 funds to be carried forward. This does not result in a fiscal impact, as it only specifies how FY07 funds will be spent. HB 5845 includes \$100,000 in FY07 for ITN's.

Section 42 establishes a Families with Service Needs Advisory Board. A minimal cost would be incurred related to the Board's activities that could be accommodated by the participating agencies within their respective budgeted resources until the Board terminates in FY08.

Section 43 prohibits the Department of Administrative Services from seeking repayment of the cost of assistance from an individual who was the beneficiary of certain payments made for his care as a child or youth when such individual subsequently becomes entitled to the proceeds of a cause of action or insurance payment upon the death of a minor child occurring on or after June 25, 2005. This will result in an indeterminate General Fund revenue loss.

Section 44 allows DSS to apply for a federal Money Follow the Person grant to establish a 100 person demonstration project. As the establishment of the project is contingent upon the successful receipt of a federal grant to cover the costs of the program, no state cost is expected.

Section 45 requires DSS, along with the Department of Labor (DOL) and the Office of Policy and Management to report to the General Assembly concerning administration efforts to bring the state into compliance with new federal requirements for the Temporary Assistance for Needy Families (TANF) programs. HB 5845 contains \$6.5 million in DOL and \$1.5 million in DSS to comply with the new federal requirements.

Section 46 makes changes to the composition and purview of the Medicaid Managed Care Council. These changes are not expected to result in any fiscal impact.

Section 47 allows the Department of Public Health (DPH), within available federal or private funds, to establish a medical home pilot program in one region of the state. No state fiscal impact is anticipated, as it is expected that the development of the pilot program would be contingent upon the department's receipt of sufficient federal or private funds for this purpose.

Section 48 requires the DPH to evaluate the pilot program within one year of establishment, and report on the evaluation within the following thirty days. Should the pilot program be established, it is anticipated that the agency would be able to perform these duties without requiring additional state resources.

Section 49 specifies that DSS provide Early and Periodic, Screening, Diagnostic and Treatment (EPSDT) services to medical assistance recipients under the age of 21. As this is the current practice of the department, it is not expected to change any aspect of the current services provided by DSS.

Section 50 requires Medicaid to reimburse for services provided by a home health agency when such services are performed on a child at a child day care or after school setting. Such home health services are currently reimbursable under the Medicaid program at other locations. This change would allow more flexible scheduling of currently approved services. Although this flexibility could increase utilization of these services, any related increased cost is expected to be minimal.

Section 51 adjusts HB 5845 to transfer \$50,000 from the community health services account in the Department of Public Health to the other expenses account.

Section 54 delays the establishment of the Department on Aging until July 1, 2007. HB 5845 includes funds for a comprehensive needs assessment that is necessary prior to the establishment of this agency.

Senate "A" struck the underlying bill and its associated fiscal impact. The language in the amendment results in the above fiscal impact.

Senate "B" made a clarifying change that had a minimal fiscal impact.
