[1] This cost analysis is based on annual costs equaling the payment of 26 payrolls.

Note: This award changes the vacation accrual rate for employees with 10 years of service. In the previous contract, employees received 15 vacation days per year until they achieved 20 years of service. At 20 years of service, employees could accrue 20 vacation days per year. This award allows employees to accrue 20 vacation days per year after 10 years of service. This change could potentially result in lost productivity or some additional payment on termination if employees do not use additional vacation time awarded.
