SPECIAL NOTICE

Our prices are based upon quantity production of items listed above. On orders for small quantities of irregular items, changing such details as require our putting the order through the factory as a special item, we will, after making whatever additions to or reductions from the scheduled price according to the nature of the change requested, add 10% to cover special costs incurred.

In cases where quantities are large enough to permit of economic production, this charge will not be applied. (All such special orders are subject to deferred shipment.)

All prices subject to change without notice.
