OAK BLUFFS, MARTIN'S VINEYARD, AUGUST 18, 1876.

DEAR GAZETTE.—The old conservative "Grampus Club" and later the gay and festive "Neptunes" have, during the past season, so fully informed your readers concerning this "Isle of the Dogs" in the way of interesting generalities. Suffice it to say that we reached this camp meeting here at about five p. m. of Saturday, after a most delightful run of about five hours, in the staunch and splendid steamer City of Boston, and were greeted on the dock by a delegation of the bright and cheerful young men of the Neptunes and escorted to the radiant and hospitable "Sea View House," where by reason of the thoughtful and kind attentions of Commodore Tompkins and Treasurer J. T. Prowitt, we were assigned to the charming cottage, No. 18, on Ocean Avenue and had the third room from our hotel dining room and a magnificent view over New London waters, where, under the management of Messrs. Allen, Esq., Telegrapher Johnny Hoyt and Rev. Dr. Augustus and his brother Edwin Beard. As our cottage was more ample in its sleeping accommodations than our party required, the Beards and Mr. Allen heightened our joy by offering to share the room with us. This desire to share the room and after an ample "blue fish" supper the Neptunes came in force with congratulatory greetings we felt we were in the midst of a Norwalk constituency and masters of the situation. In our ride up from the lower dock, we had caught glimpses of many of the gay and fanciful cottages nestled here and there so thickly round the scrub oak trees. But when piloted to Clinton Avenue to witness the grand illumination of that little paradise upon earth, we almost lost our senses in bewildered admiration and delight. All the Arabian Nights, and Aladdin his lamp upon our memory flashed before us. The display of music we could scarce dissipate the impression that we had been suddenly jerked away from earth and transported to fairy land. In a space of about a third of a mile there were between five and six thousand Chinese lanterns of all fantastic shapes, dangling from arch-way, tree-limb, post, pole or spire, with a glow of glory and a glow to the thousands of smiling upturned human faces, such as in all our wanderings, "bath here and o'er the water," we had never seen even remotely approached. Flights, ensigns, streamers, transparencies, sentiments, and mottoes, but added to the delightful confusion of delights, while the bright and cheerful little story and a half cottages, peering here and there from behind their draperies of oak leaves, and popping out in view in most grotesque and unexpected places,—with stoops and balconies as radiant with bright eyes and beaming countenances, as with celestial lanterns,—no wonder that one who had never seen the Oak Bluffs "was a howling wilderness," should lose his head and actually think himself in Paradise.

The Fair.

The merchants evidently intend making the first exhibition under the new charter success, by liberal management. To add to the attractions and give the people the best of their money, they have engaged the Wheeler & Wilson Band,—twenty pieces—to furnish music. They will play their best music, day and evening. Certainly the best music of the County will show all due appreciation.

The boys were looking well and healthy, but sang "Home, Sweet Home" in a very solemn and impressive manner. Our correspondents tell the story of the fair.

Accident.

Mr. A. H. Hoyt, shoe dealer, Wall street, met with a bad accident last Saturday afternoon. In coming from the depot in the horse cars, and when in the valley near McQuhae's shop, he attempted to leave the cars by a passage in his hands, when he fell and broke an arm.

The fair and supper, at West Norwalk, last Thursday, was a gratifying success.

Our Baptist friends have changed their programme for today and tomorrow. It is favorable this morning, the schools will go up the Danbury Railroad to the Redding Grove for a day's enjoyment.

One of our lively drivers, usually a careful man, drove a party over to the Supper at West Norwalk last Thursday evening.

While waiting for a passenger to get ready for the party, he fell and ran away, knocking the carriage and some of the party on the ground.

The Re-union of the 17th.

The annual re-union of the Seventeenth Regiment, C. V., will be held on Saturday next, Aug. 28th. The business meeting will be held in the Burnside Guards Armory, South Norwalk. Soldiers from this vicinity will assemble at the depot to leave for the training grounds at two o'clock as possible all will proceed to the army where the necessary business of the association will be transacted, including the election of officers for the ensuing year.

Another Fire at South Norwalk.

At about half past four, yesterday morning, a fire was discovered between the two wooden buildings owned by C. H. Harvey, on Main street, and occupied by himself and Mr. Lavallee, the former as a salaried agent for the Boston shoe shop, with the proprietors families occupying the upper portion. The fire was first discovered by Mrs. Chas. James, who gave the alarm. The flames soon destroyed the above stores and then spread north and south, burning the stores of Thomas Howley, occupied as grocery and liquor store. Next the liquor store of Wm. B. Deane, and the stores of the families lived above. On the south the residence of John McQuhae, was soon destroyed. His blacksmith shop was pulled down by order of Mayor Quintard so as to save the Hat Factory of A. S. Tolman. The wind was blowing from the north-east, else the conflagration would no doubt have swept over a large section of the city and made a sad destruction of property. Extensive sparks sprang in all directions and set fire to the dwelling occupied by Chas. R. Townsend and owned by D. F. Ely, but which was soon extinguished.

The line of march will be through West avenue and Main street to Cross street, thence to the Amphitheatre.

No display will be made except a military and navy band to decorate their residences with flags. Soldiers of other regiments attending will be furnished with badges which will constitute them recognized guests of the Seventeenth and will be entertained as such. The Regimental Association engaged and passed the liberality of our citizens, supply the eatables and meet the other necessary expenses. All persons willing to donate either money or food of any kind, are requested to communicate with the committee, R. R. Ellis, C. F. Marvin, or Chauncey C. Platt for up-town, or C. E. Doty, or Wm. O. Merritt, 50, Norwalk. Articles may be sent to the stores, No. 47 Main street, next door to Messrs. Brown's Hardware store, on the afternoon or evening of Friday, 27th inst. All articles for the table should be ready for the committee on Friday as will be recalled for during the day by Mr. Marvin and Mr. Merritt.

Our citizens are invited to visit the Amphitheatre, witness the gathering and to listen to the excellent music, which will be rendered by the band.

One and all will be welcome to this part of the entertainment. A committee meeting will be held at the Old Well H. & L. House on Wednesday evening next to perfect arrangements.

The condition of Wall street, between the Danbury bridge-way and Isaac's hill has justly awakened serious apprehensions as to possible effects upon the public health.

Our borough authorities have earnestly considered the matter and resolved to remedy the evil in some way. Mr. Wm. K. James authorizes us to state that the borough will be the means of the high water, he will contribute one hundred dollars in addition to his proportional assessment for the cost of the work. The Beatty brothers have heretofore offered to pay the entire cost of a similar paving of their half of West avenue in front of their several residences, and if we mistake not, Mr. Wm. K. James will contribute the balance of the cost of the work. The Beatty brothers have heretofore offered to pay the entire cost of a similar paving of their half of West avenue in front of their several residences, and if we mistake not, Mr. Wm. K. James will contribute the balance of the cost of the work.

Mr. McQuhae has removed his family to the house recently occupied by C. F. Tolles on Washington street.

The whole city was out and battling bravely with the fire until it was extinguished. It was by the most desperate effort that the grocery store of Geo. W. Smith, on the opposite side of the way, was saved. Had his large building taken fire, it would have been almost impossible to have arrested the flames until all the northern side of Main street had burned. As it was his store was badly scorched and the glass broken out of his front.

The origin of the fire is involved in mystery but was undoubtedly the work of an incendiary.

The total loss will probably foot up about \$25,000 and the insurance full half of the amount. The Norwalk firemen were "refreshed" at Tucker's Railroad Saloon at the conclusion of their labors.

A CARD.

In behalf of the citizens of South Norwalk, I hereby give thanks to the Fire Department of the Borough of Norwalk for the prompt and efficient assistance rendered by them in the extinguishing of our city again imperilled by fire.

CITY NEWS.

Business has never been livelier, than during the past week—fighting mosquitoes.

Another steam tug laden with iron pipe for the city water-works arrived Friday afternoon.

Several rainy rains caused much caving in of the water-pipe trenches, but these have been extremely little rock or bad digging, so the contractor, nor his corps of lusty Italians, have grumbled much.

Frank Ferris and family are making a brief visit to the "old folks at home" on the bluff.

Dr. J. J. Woolley, of Woonsocket, and family are "vacationing" at Deacon Ferris', Rev. Dr. Beard, of Syracuse, finishes up his vacation with the month, and leaves the home of his childhood to resume his labors among his people. Dr. Beard is one of the able and growing young divines who has already attracted marked attention. He was recently offered the pastorate of the Congregational church, Howard University, Washington, but it is understood he has signified his preference for continuing as pastor of the First church, at Syracuse.

The question as to having a grand sewer is agitating our city's bosom. But where to start the thing, how to run it, and where to stop it—these are the things that give our people a headache. Can't you loan us that Borough engineer who conducted your West avenue sewer up hill to Norwalk river?

The public spirit and liberality of our citizens have been exemplified in a span new band-stand, erected on the ruins of the Old Well Hotel. Our band has even more general popularity than the Danbury band, and public enjoyment, and Saturday evening we had a public concert, rivaling the most ambitious cities of the universe. Nearly everybody was out to enjoy the music, except Bob Bones.

Ira Ford Hoyt, and son, and Ed Wilcox have returned from their outside trip to the Danbury river, and the Danbury river is a deplorable condition and our rulers must bestir themselves to repair the serious damage.
