

National Republican Ticket.

RUTHERFORD B. HAYES, FOR VICE-PRESIDENT.

WILLIAM A. WHEELER, OF NEW YORK.

The Centennial 4th.

All the Fourth of July, since the century began, have been glorious, but "the day we celebrate" this year has an inspiration born of an hundred years growth.

The celebration in New York commences to-night (Monday), with a general procession and a torch procession of military and civic societies.

Today is not only the National Centennial Anniversary, but a semi-centennial anniversary of the death of John Adams.

The most extensive celebration of the 4th anywhere in this vicinity, will be at New Haven.

The city appropriated \$5,000 for this purpose. The celebration will commence at the foot of the 84, with an illumination.

The parade will be provided with seats on the Green, and Prof. Fisher will make a balloon ascension, which will be followed by a grand concert by the children under the direction of Prof. Jepson.

The display of fireworks will comprise six very elaborate pieces and quantities of shells, rockets, colored lights, etc.

The city of Worcester, Mass., will hardly be outdone by any city in the country in celebrating the centennial.

The Board of Directors of the new Centennial National Bank have chosen Amos B. Hubbard, Esq., for President, and T. H. Morrison, Esq., for Vice-President.

The Boston and New York "Air Line" Railroad, etc. New Haven, Middletown and Willimantic, having been put in greatly improved condition.

The annual Report of the Secretary of the State Board of Agriculture has been issued. It contains over 400 pages, and contains much interesting information.

The Centennial anniversary of the day on which the people of the United States declared their right to separate themselves from among the owners of the earth.

The founders of the government at its birth and its maintenance through the Revolution.

The lighting express is a splendid train to travel on. The cars run remarkably easy and still, the stops are few, and the speed is not at all frightful.

The public examination of Dr. Fitch's light house on Tuesday, Wednesday and Thursday of last week, was highly satisfactory to patrons and examiners.

We never attended an examination with which we were as well pleased. The thoroughness with which the educational work of this school, in all departments, is performed is especially noteworthy.

Quite an extraordinary excitement was created, a few nights since, among the quiet skippers who dwell among those peaceful shores skirting our "Down Town" locality.

At the annual meeting of the Norwalk Caledonian Club, the following officers were elected to serve for the ensuing year.

Chief—Andrew Wardrop; 1st Chief—Thomas D. Bell; 2d Chief—Wm. Youle; Treasurer; 3d Chief—A. McNaughton; Secretary—E. J. Stearns.

Centennial Flag Raisings.

Mr. O. S. Clark has a flag raising on his premises, this morning, probably between 9 and 10 o'clock, and invites friends and children, especially, to assist.

A new flag staff will ornament the already beautiful grounds of Miss Hoyt, opposite St. Paul's.

Mr. Harlem, always up with the times, has improved a staff from a tree, and will display a fine flag.

Mr. Charles Marvin will also display a flag from a staff on Spring Hill, which ought to be conspicuous enough.

Col. E. St. John Lockwood has removed the flag staff from Lockwood's Hall building to his grounds on East Avenue.

"Sam. Tilden" is what the democratic masses delight to call a "proud aristocrat and bloated bond-holder."

Our friends of the Hartford Courant are disposed to be generally facetious over the fact that Governor English was entirely ignorant of the St. Louis Convention.

The public debt statement shows a reduction of \$3,000,000 for the month of June.

Mr. L. B. Bearse, and Mr. and Mrs. C. F. Waterbury have gone to Hyannis, Mass., on a visit.

On Thursday last Miss Hattie A. Jennings started for the Isles of Shoals, where she will spend the summer.

The contemplated excursion to Philadelphia, by the steamer Francis, was given up, owing to lack of interest.

Young Walker Blaine, of the senior class, Yale College, heads the list of "Prizes for English Composition."

Messrs. Noah Wood, W. E. Quintard and Le Grand Bites witnessed Yale's victory at Springfield, last Friday.

Ex-Senator Doolittle, the democratic orator, protested that the nomination of Tilden would be fatal to the party.

Can buoys have been placed off Sheppan Point, Stamford, and also near Coonack Island, off Westport harbor.

Tammany Hall will join with Tilden in slaying the new song—'Reform!' Brother Morrissey will lead the chorus.

The Republicans of New Haven held a Rationing meeting last Thursday night, and flung a banner to the breeze.

The Yess says that Chief Engineer Prowitt and Assistants will be entertained to-day by Chief Lounsbury, after the parade.

The semi-centennial commencement of Trinity College, Hartford, was held last week. Bishops Williams and Niles officiated.

Do not let "Reform" be all talk. Let every man reform himself and then society and government will be necessarily pure.

There is some prospect that Fred. Wood and three other members of the Yale club will row in the four-oared race at Philadelphia.

John Kelly said in the convention that he fought against Tilden's nomination because it was "his earnest belief that he could not be elected."

The whiskey war has broken out again in Waterbury. Twenty-nine dealers were summoned to appear before the court, last Wednesday.

Gen. W. T. Sherman attended Yale commencement and made a speech to the Scientific School graduating class, of which his son was a member.

According to the Philadelphia Ledger over a million of persons have already visited the centennial, and we may anticipate a constantly increasing number.

A full grown salmon was recently caught in the Connecticut River. If the fish commissioners succeed, this excellent fish will soon be as plenty as shad.

Some of our democratic friends profess to believe that Mr. Tilden will be elected as a Reformist, and that the Millennium will immediately follow his inauguration.

The democracy deceived the women suffragists again last week. The bill which passed the Senate and so delighted them, was killed in the House, as a matter of course.

This year Norwalk furnishes her champion oarsman, young Wood, and Yale was an easy victory over Harvard. The world counts the ultimate triumph of the "Cooke stroke."

Morrissey said he wanted Tilden nominated because he had "stopped stealing and turned reformer." The people do not want a reformer thief for president, but a man who has been honest and true all through life.

Those of our citizens who go out to town to celebrate to-day, should be sure to return early to witness the fine display of fireworks in the evening. It will probably be many years before such another display is made in Norwalk.

Tilden is an exceedingly modest man—needing no eulogies and boasting of his own merits. He is a man of few words, but his words are full of sense and wisdom.

The President's Ticklers.

The democratic convention at St. Louis has closed its brief session, and put its nomination Samuel J. Tilden, of New York, for President, and ex-Senator Hendricks, of Indiana, for Vice-President.

All the storm pass around Norwalk, lately. The files seem to enjoy this weather. How did they do in the domain of politics of that party?

"Reform!" is so fully identified with all that is good, that such a claim is little less than a truism upon the canvas under false pretenses.

Mr. Tilden's authorship of the now ill-famed secret circular sent out while he was chairman of the New York State Democratic Committee, requesting an approximate report of votes to be telegraphed to Tammany Hall, before the vote of New York city was made up, is a subject which will never place him on the defensive in matters of political integrity of action.

Mr. Hendricks is an extreme party man and an inflationist of the most radical western order. Both men, we are glad to say, in their private lives are of a far higher order of respectability than our politicians are wont to be.

The convention was a very heterogeneous and disorderly body, but from the outset it was apparent the Tilden forces, by their better organization, if not by the lavish use of large sums of money, as charged against themselves, had complete control.

The public debt statement shows a reduction of \$3,000,000 for the month of June.

CITY NEWS.

Our city people are so much engaged in preparing for the 4th of July, and endeavoring to keep warm, that other things are sadly neglected.

"That \$500. There was a great deal of newspaper talk on the Main street awards. In some cases the venom of the language has been too apparent, as is shown in the comments in the local of last Saturday."

The teachers' reception on Friday evening, was fully attended and proved a very enjoyable affair.

Henry Clay Trumbull, editor of the Saturday School Times, wrote President Grant, soliciting some message or word from him to the children of America to accompany the July number of his paper.

The citizens gave a reception to the students of both Harvard and Yale at the Harvard presented the colors to Captain Cook.

The message of the President is followed in the Sunday School Times by a letter from Charles Reed, which we append, and also an original letter, written by Gen. Joseph R. Hawley, which we would also gladly reproduce if we could, but must postpone for a future occasion for lack of space.

Mr. J. W. Fairbanks, so well known and appreciated in Norwalk, seems to have met with excellent success during his first year as Master of the Worcester High School.

Male Victorious.

"Bang the old blue banner out!" "Hail for Yale!" The eight oared four mile race between Yale and Harvard crews on the Connecticut, occupied Springfield, last Friday afternoon, resulted in an easy victory for the Yale men who took the lead at the start and kept it to the close, coming in about eight and a half minutes in twenty-two minutes and two seconds.
