Everhart Sights Comet Burnham

Essex Work will continue this evening, with an audience of 300 people. Beginning at 7:00 P.M., they will have the opportunity to see the comet in person.

The purpose of the program is to help students and others learn about astronomy and the wonders of the universe. The event will feature a presentation by Dr. John A. Venable, an astronomy professor at Connecticut College.

Later this evening, the comet will be visible to the naked eye, and Dr. Venable will guide the audience in observing it through telescopes.

Students from Astronomy 101 class will also be present, and they will have the opportunity to use the school's telescopes to observe the comet.

This event is open to the public, and reservations are not required. So mark your calendars and come see history in the making!

Tennessee Williams: Suddenly, Last Summer

By PETER ADAMS

Student researchers at the University of Rhode Island have been going into the study of Tennessee Williams at the request of the Delta Tau Delta fraternity, which is hosting the event.

Tennessee Williams is one of the most prolific and influential playwrights of the 20th century, known for his vivid and compelling dramas. "Suddenly, Last Summer" is one of his most famous works, first performed in 1959. The play is a complex exploration of family dynamics, sexual taboos, and the power of memory.

In the film, directed by the late actress and choreographer Bebe Daniels, and produced by the American Film Institute, the story revolves around the character of Richard (played by Jack Lemmon), whose family gathers at their remote Southern plantation to confront a shocking revelation. The play's themes are further explored through the characters' interactions, which are as much about the past as they are about the present.

The film, while not always successful in capturing the full depth of Tennessee Williams' original work, does provide a glimpse into the layers of history and emotion that characterize his best-known plays. The performances of Jack Lemmon, Joanne Woodward, and the rest of the cast are commendable, and the direction by Bebe Daniels adds a unique perspective to the material.

Overall, "Suddenly, Last Summer" is a celebration of the enduring legacy of Tennessee Williams. While it may not always succeed in capturing the full force of his work, it provides a valuable introduction to the complex and rich world of his dramatic creations.
Commons Casino Night Successful

The Hill Recreation Committee has decided to host a large, lavish event called the First Commons Night at Commons. Michael H. Dorn, chairman of the Recreation Committee, said the event was intended to bring together the community in a fun, relaxed atmosphere. Dorn and his staff have been working on the event for several months, and they are excited to see how it will turn out on Friday evening.

The event will feature music, food, and a variety of games and activities. It is expected to be a popular event, and tickets are selling fast. Dorn urged people to buy their tickets early to ensure they have a good time.
